INDEX OF SURNAMES 132

This volume owes its existence entirely to the whole-hearted cooperation of three truly Christian gentlemen --- the present rectors of these old St. ten Island Churches --- who, in each case at the cost of not inconsiderable personal inconvenience, cordially extended the hospitality of their rectories for the long hours required for these transcriptions.

To these worthy successors of the pastors who served our immediate ancestors :

Rev. John W. Warnshuis — Reformed Dutch Church
Rev. Johnstone Beech, — St.Paul's Episcopal Church
Rev. Vernon W. Couillard, M.A., — Moravian Church

this volume is respectfully dedicated.

Section I

Volume I of the Records of the Reformed Dutch Church of Brighton Heights, Staten Island, begins with the Cure of the Rev. John E. Miller in the original church at Tompkinsville in 1853.

Baptisms and Marriages during this period were recorded in Ledger "A", which has recently disappeared. It has been called to the editor's attention, however, that these records have been preserved in Royden W. Vosburgh's Church Records.

Material in this section was transcribed from the original ledger at the residence of the Rector, Rev. John W. Warnshuis, in February, 1942.

Asterisks before the name of a communicant in this section indicate that his or her membership in this church continued beyond the year 1876 and was transcribed into the new folio prepared at that time.

Transfer from other churches is indicated. Where no origin is indicated, member was admitted by confession of faith or baptism.

Section III

Rev. Vernon W. Couillard, M. A., Rector of the United Brethren Congregation --- or Moravian Church, at New Dorp --- deserves much of the credit for the preparation of this volume. It was during a personal genealogical search of an amateur nature, conducted with his gracious permission, that we unearthed sufficient genealogical data on our own distaff lines to establish the value to all Islanders of this sequel to the records of Volumes I and II, published years ago in the Collections of the New York ~~Historical~~ Genealogical and Biographical Society, Vol. 4.

Rev. Couillard, as historian by nature, pointed out the practical value of records extending into our century, and to him alone must go the credit for the complete index, through the Moravian portion of which we were able to make partial return for the hearty co-operation of the Rector and his staff in this work.

Original entries were made in as many styles and degrees of completeness as there were pastors, and we have edited them to some degree of style uniformity. Save for the omission of dates and parents in the later baptisms, this is otherwise certified to be an actual transcript of Volume III page by page without prejudice.

In requesting further data or certificates from the church office, reference should be made to volume, page, and position on the page of the folio as here indicated.

Record of the Baptisms recorded in Volume III of the records of the United Brethren Congregation, sometimes called Moravian, of Staten Island, New York.

INDEX

The editor has made every effort within his power to make the cross-indexing of this index as complete as possible.

Surnames used as first or second christian names --- often affording important genealogical clues --- are included unless (a) maiden name of the mother is given to make evident the reason (b) name is obviously tribute to a public figure or national hero (c) surname is a common given name (in which case we may have been unfair to such families as Henry, Franklin, etc.). *

Variant spellings, with few exceptions cued by knowledge of Staten Island family names and the carelessness of specific rectors, have been cross-indexed with the same care with which they are set down upon the registers, with allowances for human frailty.
